

# MOGIS 2007...

## Laissez les Bons Temps Rouler!

**Simply translated it means let the good times roll!**

It's a Cajun expression that conveys their "joy of living" attitude. Never before has the Missouri geospatial community experienced as much success with GIS as we are in today's society. So Missouri, laissez les bons temps rouler!

**February 19-22, 2007 • Tan-Tar-A Resort • Osage Beach, Missouri**

Sponsored by:  
Missouri GIS Advisory Committee  
Missouri Spatial Data Information Service  
State Geographic Information Office

## 11<sup>th</sup> Missouri GIS Conference

You're invited to the 11th annual Missouri GIS Conference, February 19-22, 2007 at the Tan Tar-A Resort in Osage Beach, Missouri. Come meet your colleagues in the Missouri geospatial community while taking advantage of one of the best conference deals around. What better chance is there to foster communication and sharing of geographic technologies, techniques, data, and information within the Missouri user community?

Geographic Information Systems (GIS) are powerful tools for managing information about places on the earth's surface such as parcels, watersheds, city blocks, buildings, and roads. This year's conference is designed for you...no matter how much experience you have! Come learn about the use of GIS for enhancing local government geospatial activities, federal initiatives, emergency response\homeland security activities, addressing, GIS planning, transportation, utilities, education, and more. In addition, if you are looking for a great training opportunity, sign up for one of the many cost effective workshops. You will also have the opportunity to explore the poster showcase and vendor area where you can find the latest in emerging GIS technologies and their most notable uses in Missouri.

To make this conference a success we need you! Please send titles and a short abstract of your presentation or poster to the person listed below by January 9, 2007. Registration materials will be distributed in January, check the MGISAC website at <http://www.mgisac.org> for updates.

**Presentation Submissions:** Steve Marsh (816) 881-4584, [smarsh@jacksongov.org](mailto:smarsh@jacksongov.org); **Poster Submissions:** Arnold Williams (573) 751-7012, [arnold.williams@modot.mo.gov](mailto:arnold.williams@modot.mo.gov); **Exhibitor Information:** Jim LaScala (816) 792-6000x3126, [jlascala@ci.liberty.mo.us](mailto:jlascala@ci.liberty.mo.us)
