

**MGISAC Homeland Security Subcommittee Meeting
June 09, 2009**

ITEM	DISCUSSION	STATUS/ACTION
Attendance	Attendees: Debbie Briedwell, Ray Fox, Tim Haithcoat, Alexis Gardner, Jason Ebersole, Renee Robinson, Levi Saxes, Rich Beckwith, Mark Duewell, Nathan Mattox, Brett Lord-Castillo	Call to order at 10:00 AM
Location	NG Military Education Facility, Room 160	
GENERAL BUSINESS		
NMSZ Projects	<p>Tim handed out status maps for the quad sheet data development project. Structure points for 10 counties have been completed. Should have much progress because of summer student help at MU.</p> <p>Mark talked with Paul Weise, USGS, at a conference in Denver. He is interested in the data collection project's geodatabase design that was created by Nathan Mattox. Paul would like discuss this with Nathan and Debbie.</p> <p>Progressing on the Structures data collection in SEMO. Stan Balsman is providing good feedback for the project. Cape Girardeau and Perry Counties are providing their data. Mark will travel to the bootheel area to look at the database progress when travel money becomes available again.</p>	Progress maps were distributed and can be viewed on the HS subcommittee website: http://www.mgisac.org/uploads/HomelandSecurity/progress-maps06-05-09.pdf
Homeland Security Grant	Summary of grant history was reviewed for 08, 09, 10. 2009 grant period begins in July.	
ER Workshop	Mark provided a summary of the survey results from the workshop. 42 people attended the conference, 19 people filled out the online survey. Most liked the workshop. Needed to manage time better.	
USNG	<p>Debbie, Renee, and Nick Erlacker attended the USNG training in Salina, KS put on by Delta State University. It was very informative. The state is looking into creating a statewide set of 25,000 scale mapbooks by county. DPS and the National Guard are working on getting this together now. If it goes through, the statewide USNG maps could be available by the end of the summer.</p> <p>Delta State University has a CAP grant to complete mapbooks for the St. Louis UASI. Brett is providing the data needed for this project.</p> <p>What needs to be done? USNG is part of the State Architecture, has been endorsed by MGISAC for Emergency Response. Next step is to have HSAC adopt as part of best</p>	A sample 25,000 USNG map was created by Debbie to show what the mapbook pages may look like. Map is available to download from the Homeland Security page on MGISAC website: http://www.mgisac.org/uploads/HomelandSecurity/demo_25000_aerial.pdf

	<p>practices. Then education and training. Tim will work on wording for a draft resolution to present to HSAC.</p> <p>Training is available from Delta State through the St. Louis UASI mapbook project. Rich suggested Saturday training for 1st responders.</p>	
Regional Data Collection	<p>Region A has received HS grant funding for GIS collaboration project. Includes data inventory, data accuracy, gap id, and data gathering. Region F has also started a gis data collaboration. Want to work to make this available through MERIS.</p>	
Upcoming Conferences	<ul style="list-style-type: none"> • ESRI Homeland Security GIS Summit, July 11-14, 2009, San Diego, CA http://www.esri.com/events/homeland/index.html • ESRI International User Conference, July 13-17, 2009, San Diego, CA http://www.esri.com/events/uc/index.html • Coordinated School & College Safety & Security Conference, July 30-31st, Columbia, MO http://www.schoolsafetyconference.com/
